

DESCRIPTION:

Frame Cover ECO is a foam profile with an unique fit. Ideal for temporary protection of window frames, door frames, stairs railings and balustrades. The foam profile locks tightly into place without the need for glue, tape or staples. Frame Cover ECO can be removed quickly and can easily be reused. The Frame Cover Eco is made of 100% recycled material.

APPLICATIONS:

- PROTECT AND COVER DOOR FRAMES
- PROTECT AND COVER WINDOW FRAMES
- PROTECT AND COVER STAIR RAILINGS
- PROTECT AND COVER BALUSTRADES
- EDGE PROTECTION
- CORNER PROTECTION

CHARACTERISTICS:

- SELF-LOCKING
- SHOCK-ABSORBENT
- LIGHTWEIGHT
- REUSABLE
- QUICK AND EASY TO USE

TECHNICAL DATA:

Application duration	Unlimited (-30° to 70° C)
Storage	Unlimited (5° – 30° C) (dry, no direct sunlight)
Density	33 Kg/m3 (+/- 2)
Water absorbtion	1.35% Vol/24h / < 3% Vol/3days
Tensile strength	0,5 N/mm2
Elongation	140 %
Heat conduction coefficient	0,04 W/m°K at 10°C

COMPOSITION:

Material	100% recycled Polyethylene Foam
Color	Green/Blue
