

DESCRIPTION:

Frame Cover is a foam profile with an unique fit. Ideal for temporary protection of window frames and door frames, stairs railings and balustrades. The foam profiles lock tightly into place without the need for glue, tape or staples. Frame Cover can be removed quickly and reused.

APPLICATIONS:

- PROTECT AND COVER DOOR FRAMES
- PROTECT AND COVER WINDOW FRAMES
- PROTECT AND COVER STAIR RAILINGS
- PROTECT AND COVER BALUSTRADES
- EDGE PROTECTION
- CORNER PROTECTION

CHARACTERISTICS:

- SELF-LOCKING
- SHOCK-ABSORBENT
- LIGHTWEIGHT
- REUSABLE
- QUICK AND EASY TO USE

TECHNICAL DATA:

Application duration	Unlimited (-40° - + 70° C)
Storage	Unlimited (5° - 30° C) (dry, no direct sunlight)
Specific gravity	35 kg/m ³
Elongation	140 %
Pressure deformation residue. (24 u. / 20°C / 50%)	34 %
Heat conduction coefficient	0,046 W/mK at 10°C

COMPOSITION:

Material	Polyethylene foam
Color	Blue / white
